

## Catalogue Sale Autumn 2024

For our Autumn 2024 Catalogue Sale we have 17 does and 15 bucks including Davel George 2 (AI) on offer with their prices listed in the catalogue. All prices are plus GST.

We run a self-replacing herd so it's time to move on some foundation does which are reluctantly offered but we have their kids and grandkids. We are confident they will improve any herd. Some very good young maidens are also on offer. All are ready to mate. If you want more stock than is listed we do have additional does plus some commercial does and bucks.

Talk to us about delivery. You'll be surprised how cheaply we can deliver and where we can go.

All stock are Fullblood Boer Goats either registered or eligible to be registered with BGBAA and thus BGA. Stock are available for inspection by appointment. Sale Conditions are attached.

Cleveland's breeding program targets are:

- \* True to Type
- \* High Fertility Levels
- \* Good Worm Resistance
- \* High Yielding Carcass Value
- \* Good Maternal Capacity (we achieve >170% weaning rate)
- \* Fit for Purpose,
- \* Fast Growth Rates
- \* Good Feet
- \* Very Good Doers

These goats are straight from the paddock. No preparation – the does had no hard feed -just hay through a very dry summer! Then the bucks came into rut and even with a small amount of hard feed they continued to lose weight over March and April as is normal. They are ready for work!

*Dam: Davel Delilah (AI)*

*Grand Dam: South African 762/96-31*

*Grand Dam: Cedar Ridge Anahira*

Comments: Without doubt the most influential goat in Cleveland's history. George has been used extensively at our stud and is the foundation upon which our herd is based. He has sired hundreds of kids and almost every Cleveland doe now has his genetics. We have retained his son Cleveland Loki and have his grandsons as well. We could retire him but he has produced so true to type and with such consistent high quality that we feel it best that another breeder be given the opportunity to so easily improve their herd. His breeder Ayala Davies has judged at the Sydney Royal and believes he should have been in the show ring. He has a beautiful length of body and throws this to his kids. He adds size and capacity to any doe yet his doe offspring are very feminine plus have good capacity through their length, width and depth of body. He has a very good temperament and is friendly and good in the yards and is a good doer. He's still only four so plenty left in him. George has many sons and daughters working in both studs and commercial herds in remote outback stations. Semen has been retained.

Comments: If you want Cleveland's best genetics this is it – blends Micathel, Davel and Brenton Park together beautifully. If he was a doe we'd never sell him. A big strong powerful buck with a real presence about him. Has length, width and depth with strong hindquarters. Very gentle nature. Biggest of the bucks we have on offer. Was 80kg in early March. Got his work clothes on and ready for action.

Comments: His 11 year old dam was a foundation doe upon which our stud is based and always produces big powerful progeny such as this buck who is one of the heaviest of his drop. His good length depth and width gives him good capacity and he will add size and weight to any herd. Has good wrinkling. (Some light roan ticking has developed in his coat due to 2022 flood condition in which he was raised, which is not heritable and is not visible in these photos because he's been 'playing' whilst everyone is in rut.)

Comments: A blending of Davel, Micathel and Brenton Park genetics by one of our favourite foundation does who herself weighs in at around 90kg so he has good size in his background. She has produced to her potential this time with this buck. He has a stunning head and horn set and moves well on his feet. ## Sale Conditions

1. All purchases must be made through QPL Livestock.
2. All prices are plus GST.
3. Title transfers to the purchaser on payment of your invoice which will be issued by QPL Livestock.
4. A Lot will only be reserved for buyers for 24 hours. If payment is not made within 24 hours of an invoice being issued the Lot will be made available to other buyers. The Agent's decision shall be final in this regard.
5. Taking possession of purchased animals will not take place until payment has been made.
6. Every care is taken when handling the sale lots, however no responsibility can be accepted by the Vendors or Selling Agents for any injury or death to any lot following purchase and while it is awaiting collection/delivery. Purchasers are encouraged to insure their purchases.
7. Animals must be collected within 14 days of payment of your invoice.
8. Delivery of animals is offered if it is viable and will depend on the volume of purchases made, if there are other purchases in that area or along a route, in which case delivery will be at a nominal rate or at cost. If a purchase is made and the vendor subsequently decides it is not viable to deliver a full refund will be made. Cleveland will be attending the Collie Goat Production Day on 12 April 2024. Any Lots purchased can be collected there for **free delivery**. There is also a possible delivery being made deep into central Queensland during April 2024 to which we hope we can add any purchases to. We expect to have some big distances to travel and will do our best to deliver your goats as soon as possible following the completion of the sale. Buyers will need to be available at the specified time to collect their purchases from the delivery point along any routes. Undelivered goats will be returned to Culcairn from where the purchaser will need to collect their purchase at their expense. We will try to get your delivery as close to you as reasonably possible, but it will generally not be possible to drop off to individual properties.
9. The vendors reserve the right to refuse any sale.
10. All goats offered in this Sale are Fullblood Boer Goats with pedigrees traceable back to goats imported from South Africa. They are either already registered or can be registered (at Cleveland's expense) with Boer Goat Breeders Association of Australia. Buyers should contact the Vendors to arrange to have the Registration papers sent direct to them.
11. All stock are guaranteed breeders. Any claim against the breeding ability of an animal purchased should be made in writing, and accompanied by a Veterinary Certificate, within six months of the date of the purchase. In the event of an animal failing to breed once it is of reasonable breeding age, it may either be replaced with an animal of comparable value, or a credit to the full purchase price will be given at the following sale or on a private sale animal.
12. All goats offered at this sale will be drenched, vaccinated and foot trimmed prior to delivery.
