## Registration of an Animal from "Other Breed Societies".

This is a check sheet to ensure all relevant information is submitted to the Registrar for processing. Failure to submit any documents will delay the registration process and require additional costs to clarify the information submitted.

### Stud Identification

Membership Name (Name or Business Name) :	
Member ID :	
Stud Nominee (Representative of Stud):	

Relevant Rules and Regulations associated with this application:

#### 6.9.4 Boer Goats owned or bred by members of Other Breed Societies

Boer Goats, or animals derived from Boer Goat genetic material, owned or bred by members of Other Breed Societies, may be accepted for registration by a Member provided that the registration application is accompanied by:

- a) Attach a completed registration form with the prescribed fee;   
[https://www.australianboergoat.com.au/admin/files/forms/1596009940\\_1594259914\\_bgbaa\\_registration\\_template.pdf](https://www.australianboergoat.com.au/admin/files/forms/1596009940_1594259914_bgbaa_registration_template.pdf)
- b) Confirmation that the animal meets requirements described in the BGBAA:
  - a. Breed Standard in respect of conformation, colour, cull defects and other characteristics.
  - b. Requirements described for a Standard Boer Goat, a Red Boer Goat or a Black Boer Goat.

Signed by Stud Nominee: \_\_\_\_\_

- c) Confirmation that the animal, or its dam and sire, is formally Registered by an Other Breed Society.
  - a. Attached "Original certificate or documentation" if an Import Animal confirming registration by the Other breed Society eg. Registration Certificate
- d) Confirmation that the animal has a Status of INACTIVE (or the equivalent) on the Other Breed Society Herd Book so that the animal appears as ACTIVE in only one Herd Book database.
  - a. Attached evidence provided confirming that the so named animal is Inactive in the other breed society.
- e) A Pedigree that traces the animal's origin in Australia back to an import from South Africa.
  - a. Include "Original certificate or documentation if an Import" outlining the traceability to previously registered BGBAA animals or to the South African Herd book.
    - i. Incomplete histories will not to be accepted.
    - ii. ABRI does not investigate genetic histories through the Herd book
    - iii. Only Fullblood genetics will be acknowledged and where this is not clear registration will not be accepted.

“Other Breed Society” Boer Goats, or animals derived from Other Breed Society Boer Goat genetic material, that are not imported and are accepted for Registration shall appear in the Herd Book showing only the Dam and Sire and be designated by the addition of the letters “Other Breed Society ID” at the end of their name (e.g. BGA).

This document is to be attached to any processing of animals from an “Other Breed Society”. Due to the increased scrutineering requiring by the registrar in processing these documents an additional fee is required as per the current BGBAA Fee structure.
